Domaine Jaeger-Defaix Rully 1er Cru Rouge "Préaux" NV

WINE DESCRIPTION

The yield is controlled by disbudding and green harvest in order to produce a fine and expressive wine.

We also make a severe sorting in the cellar.

The fermentation lasts during 15 days with daily pumping-over. Then the wine is aged in oak barrels (1/3 are new) during 15 to 18 months.

A very light filtration is made before bottling so a light sediment may deposit.

TASTING NOTES

A deep and ruby color. A fruity nose with cherry and raspberry. The mouth is silky with a great length.

Very representative of a Pinot noir from Burgundy, this wine is all fineness and elegance. To serve at ambient temperature.
